

PLOTT LABS™

Accurate, Integrated Mapping For Incident Management Solutions

TOTAL SITUATIONAL AWARENESS

Plott Labs™ Maps is an integrated mapping solution with highly user-friendly features that help Public Safety Answering Points (PSAPs) and Emergency Operations Centers (EOCs) to route available resources to locations faster and deliver more accurate location assistance to first responders.

It supports the integration of multiple mapping layers and technologies providing the most timely, reliable and accurate location data.

Plott Labs™ applications are 100% bi-directional and a browser-based solution fully integrated with Plott Labs™ CAD accessible through any Internet connected device to help dispatchers and first responders resolve geographic challenges quickly, which saves priceless seconds.

WHO WE ARE

Plott Labs™ is an innovative provider of incident response SaaS solutions that connect the right people with the right data at the right time. Our mission is to improve the safety and well-being of people and their communities.
